

# CHEMICAL & PETROCHEM

## HIGHLY SPECIALIZED RISK INSURANCE PROTECTION

Lead by a Professional Engineer (Chemical Engineer) and staffed with professional insurance brokers with engineering and underwriting backgrounds, JDIMI's Chemical and Petrochem Program is unmatched in the industry. The team's experience includes chemical insurance program development, risk management, loss prevention, highly protected risks, property and chemical underwriting.

### Service Standards

#### **Competitive Rates**

Our chemical and petrochem clients benefit from our ability to choose from the most reputable and competitive insurers in the market, offering distinctive advantages.

#### **24 Hour Claims Service**

Courteous, dependable claims service is the foundation of our relationship with each of our customers.

#### **Comprehensive Coverage**

Various options are provided, maximizing the overall value of your insurance dollar. We will create your specialized insurance protection plan with one of the leading insurance companies in North America.

#### **Knowledgeable Representation**

We have built a team of dedicated professionals who are devoted to understanding and providing thoroughly planned and cost effective Insurance Solutions for Chemical and Petrochem operations.

## Additional Features

### **Risk Management**

We can analyze the risks and exposures for various manufacturing processes and worldwide product liability for chemical and petrochem operations.

### **Business Interruption**

We will conduct a complete business interruption assessment including extra expense and recovery plan.

### **General Liability**

We will protect you from claims arising from alleged bodily injury, personal injury or property damage liability.

### **Expert Advice**

Our specialists have strong relationships with all the major insurance companies and are ready to work for you.

## Contact Us

Chemical and Petrochem operations require a specialized insurance program to help manage risk, as demanded by owners, lenders, suppliers, customers and others.

At Jones DesLauriers Insurance Management Inc., our Professional Engineers and Chemical Engineers can analyze the risks and exposures for various manufacturing processes and worldwide product liability for all types of low and high risk chemical products.

Our team has the understanding, expertise and experience to manage even the most complex insurance challenges.

Call us toll-free to reach one of our broker representatives in your area to discuss your specific requirements and the value added services we can provide.
