### Fleet Safety Consulting

With Jones DesLauriers you get proper coverage and a variety of value added advantages, including the expert advice of our Fleet Safety Consultant. With the support of a variety of leading fleet insurers, we are able to deliver a results-oriented, state-of-the-art fuel supplier safety program to your operation. These services are available at no extra cost and will provide training for your drivers, gap analysis, up-to-date advice on MTO, regulatory compliance, sanction hearings and facility audits.

## Program Coverage

The Fuel Distribution program was designed for you and your business operations. In addition to our standard coverage, we are pleased to offer 24 Hour Claims Assistance, knowledgeable representation and competitive rates. Our 8 offices throughout the province are there to service your local needs and provide prompt service.

Program coverage includes:

- |                     |   |
|---------------------|---|
| <b>Fuel</b>         | Sales, installation, repair and delivery of heating and stove oil, propane gas, diesel and other petroleum products   |
| <b>HVAC</b>         | Related contracting including the sales, service, repair and installation of propane, oil, natural gas, electric and forced air and hot water furnace systems |
| <b>Applications</b> | Both Residential and Commercial are covered   |
| <b>Protection</b>   | For your Property, Liability, Fleet, Equipment Breakdown and Directors & Officers   |

## Additional Benefits

- Loss Prevention
- Building Inspection & Valuation
- Driver Training Seminars
- GAP Analysis
- Up-to-Date MTO Advice
- Customizable Payment Plan
